

Kate Sclavi and Hiedi Furman Visual Art GR 5-6 Special Education

**Black Light Puppetry**

Students can create Indonesian Wayang Kulit Shadow Puppets and then paint in the puppets using florescent paint.

**Day 1:** Pencils, cardstock.

Draw animals that use tunnels: Fish, Otters, Hedgehogs, Badgers, and Frogs

Draw animals that use the bridge: Bears, Elk, Cougar, Deer, Elk, Moose

**Day 2:** Painting materials, fluorescent paint, black light

Use fluorescent paint to paint in the animals, let dry. Paint bridge and tunnel using fluorescent paint. Show students how a black light works, turning it on, and showing how different things react to it (black vs. white, red vs. fluorescent pink).

**Day 3:** brass tacks, chopsticks, hot glue, hole puncher

Cut out the animals out of the cardstock. Punch holes into the "joints" of the animals and place in brass tacks, teacher will hot glue sticks to front and back end of animal for movement. Add googly eyes.
